

Assembly Manager (m/w/d) Full Time in Germany or Austria

Valve Service Pein AG with its subsidiary Valve Service GmbH in Austria and Valve Service Hellas in Greece are internationally active in the field of valve and actuator service. Our specialty are fittings of the IMI Group and due to our excellent service in terms of customer proximity, reaction times, support and work execution, customer inquiries are constantly increasing.

What awaits You?

- An exciting assignment for at least two years in Finland
- Subsequent follow-up employment
- Management of a 3-4-person group of experienced valve fitters
- Planning and monitoring the implementation of control and service work on fittings
- Participation in meetings, some in English
- Preparation of protocols and reports in English

What we offer to You?

- Financial security through a permanent employment contract
- Very good compensation
- Vacation and Christmas bonuses
- A high degree of personal responsibility
- An interesting pace of work, 3 weeks then work one week off with full pay

What we expect from You?

- Training in a technical profession
- Experience in a leading position in the fittings sector
- A high level of technical understanding
- Strong sense of responsibility
- Good communication skills when dealing with customers
- Good written and spoken English
- Experience in working with Microsoft Office
